

WIN FORMULA SUPER

Automotive & Industrial Engine Oil

WIN FORMULA SUPER is a premium multigrade oil designed to provide maximum engine cleanliness and protection against oxidation, wear, corrosion, deposit and sludge formation under the most severe driving conditions.

PERFORMANCE STANDARDS

WIN FORMULA SUPER meets the following performance requirements:

- * API Service SG/CD

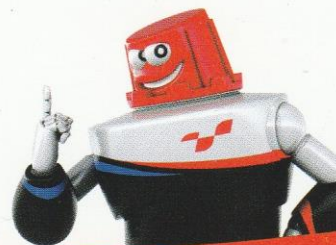

BENEFITS

WIN FORMULA SUPER provides the following benefits:

- * Excellent resistance to oxidation and sludge formation.
- * Keeps engine components clean.
- * Provides good antiwear, rust, and corrosion protection.
- * Good thermal stability.

APPLICATIONS

WIN FORMULA SUPER is recommended for modern high performance four strokes gasoline.

TYPICAL CHARACTERISTICS

WIN FORMULA SUPER

SAE GRADE	20W50
Viscosity, at 40 deg C, cSt	177.16
at 100 deg C, cSt	19.19
Viscosity Index	123
Viscosity, Apparent at -15 deg C, cP	7363
Pour Point, deg C	-21
Flash Point, COC, deg C	268
Base Number, mgKOH/g	5.03
Specific Gravity, 15/15 deg C	0.8750
